DASI (DELTA DENTAL'S AUTOMATED SERVICE INQUIRY)

With DASI, you're able to access eligibility, benefits and claims information 24 hours a day, 7 days a week.

What do you need to use DASI?

When you call, you will be greeted by DASI and asked for caller validation. Group administrators need to provide the name of the dental benefits carrier, active client number and matching subclient number. This validation is required by HIPAA (the Health Information Portability and Accountability Act of 1996) and must be approved before the caller can proceed.

To access patient/member information, you need the subscriber's member number (usually Social Security number), relationship of the patient/member to the subscriber and the date of birth of the patient/member.

What information is available?

DASI accesses our live database to give you the most up-to-date information for your patients whose dental benefits are carried by Delta Dental of Arkansas, Indiana, Kentucky, Michigan, New Mexico, North Carolina, Ohio, or Tennessee.

- Breakdown of benefits, complete or partial by category (endodontics, preventive, etc.) or by procedure code
- Patient eligibility (current and future)
- Fax copies of benefits and eligibility, Claim Payment Statement and pre-treatment estimates
- Time limitations and eligibility for specific benefits (examinations, cleanings, fluoride, X-rays and occlusal guard)
- Claim and pre-treatment estimate status
- Check status for paid claims
- Maximums and deductibles, including amount met to date and services that apply
- Benefits for groups with a future effective date
- Coordination of benefits allowances
- Information on group waiting periods, if any
- Mailing address information

To assist you in navigating the system most efficiently, the main menu is listed here. Listening to the entire menu is not necessary.
