Delta Dental is a network of 39 independent, not-for-profit dental plans conducting business in all 50 states, the District of Columbia, and Puerto Rico – collectively the largest provider of dental benefits in the country. These plans are all members of the Delta Dental Plans Association (DDPA), whose mission is to help improve the overall oral health of the nation by making dental care more available and affordable.

The Association exists to help member plans enhance their ability to provide dental benefits programs to customers and subscribers. Among its many functions, DDPA establishes and enforces performance standards. In all categories, Delta Dental of New Mexico exceeded both DDPA performance standards and the even more stringent standard of excellence targets set by its own leadership team.
